Word of

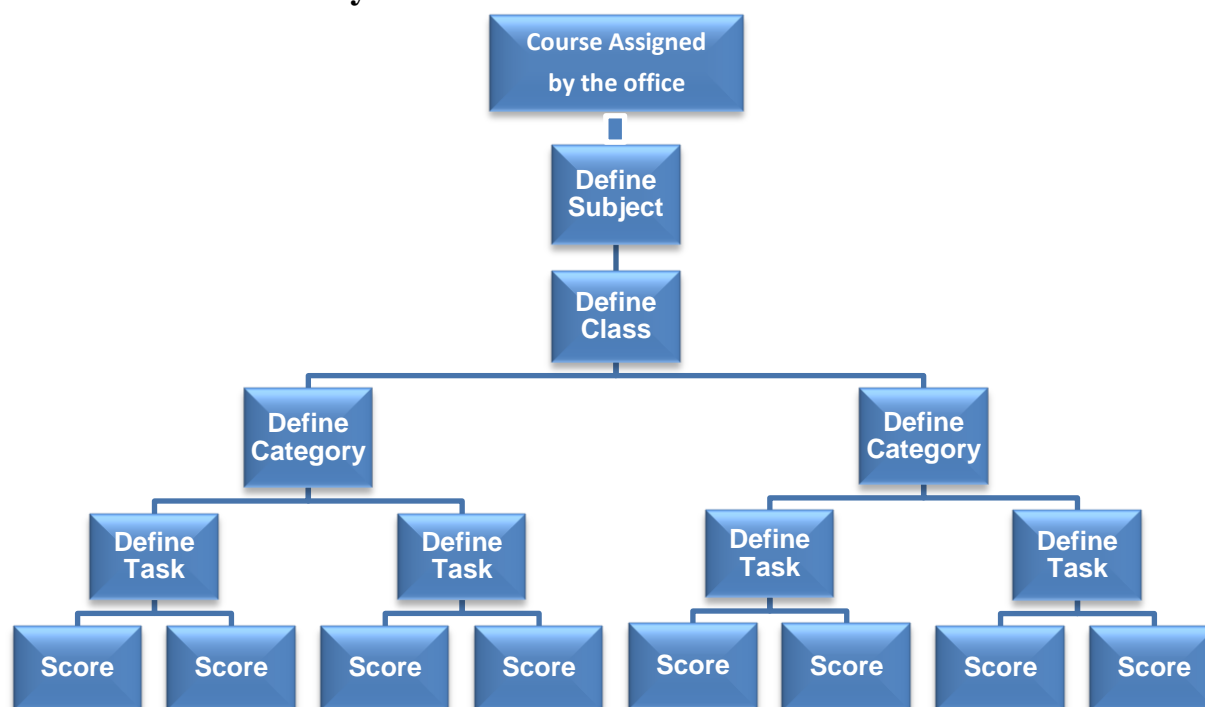

The new SIS grade book is a web application that has been designed to minimize the need to go back to the database for information. For data entry, it does increase the possibility of data loss. If you change from one screen to another without saving you will lose all of the work you have entered on that screen since you last saved. **Make sure that you save your work before switching to a different class, a different screen, or changing the Show Inactive/Hide Inactive status!**

When the web page refreshes and you have not saved the data you just entered, the data will be lost.

The Web *SIS2000+* Grade Book

Introduction

The grade book focus has been to allow teachers easy set up and navigation in the grade book. The grade book was created with teacher usage in mind for simple, fast, and accurate data entry. Subject Templates are used to simplify initial setup from term-to-term and from year-to-year. Citizenship is based on positive and negative incidents called Citizenship Items. Entering and editing scores is fast and convenient with the spreadsheet-like screen.

When navigating in a web browser, the user must **always** save the data entered by clicking on the save button or the data entered will be lost. Even the screen refreshing without saving data entered will be lost. Remember to always save data before navigating away from the screen.

Security →

To keep the data secure, login sessions will time out when left idle for several minutes. If the session times out and data entered has not been saved, the data will be lost.

Logging In →

The SIS2000+ Grade Book is accessed using a web browser. Ask your local SIS specialist for the URL for your school.

1. Login using your regular SIS login ID number preceded by the letter 'F' and your **confidential** SIS password (F 383). The letter 'F' signifies faculty user.

Applications → Attendance

You can use the Attendance screen without any grade book set up.

Applications → Attendance Entry

The attendance entry screen shows two calendar weeks with the current day (the date you select) in the middle of the screen. The spreadsheet-like screen allows you to easily move from cell-to-cell to enter or edit attendance codes. The top cell of the date you select will initially be selected for editing. The software will not allow you to type an invalid code. Attendance codes are set up by the office. Navigation arrows allow you to move forward or backward in two-week increments until you enter or change a student's attendance code. You will need to save the data entered or data changed before leaving the screen.

1. Select Applications on the menu bar or select the Attendance icon
2. Select Attendance

Attendance entry screen

1. Select Applications on the menu bar or select the Attendance icon
2. Select Attendance
3. Select the Term
4. Select the Class
5. Change the date, if desired
6. Open the Legend – the Legend will show available attendance codes:

Attendance not taken for this date. Office attendance code.
(If the office has entered the attendance, it will show up in blue.)

Available Codes:

X - Absent (X)
 . - Present (.)
 U - Unexcused (U)
 T - Tardy (T)
 L - Tardy 15 min +

7. Enter or change attendance codes, as needed
8. Click Save to store your work

Setting up Elementary Grade Book

Academic → Define Subject Template

The Subject Template is used to define specific grading parameters. Once the template has been saved it may be copied to multiple classes and it will remain available from term-to-term and from year-to-year.

Academic → Define Subject Template

1. Select Academic on the menu bar or the Define Subject Template icon
2. Select Define Subject Template

Prior to defining the Subject Template Definition you must answer a few basic questions:

1. What will I call the Subject Template Definition? (Names such as Language Arts, Math, Social Studies, Science, etc).
2. Do I want a sort order for the Subject Template Definition? (optional)
3. Will I use category weighting to calculate grades? (Optional, if yes, put a check mark in the box).
4. If I plan to use category weighting, what percentage will each category have? (They should total 100.)
5. How many Category Titles will I use? (You must have at least one).
6. What will my Category Titles be named? (They can be generic names such as Assignments, Tests, Quizzes. Generic Category Titles can be copied to every class)
7. In what order do I want my Category Titles to appear? (optional)
Enter a number for each Category Title to indicate the sort order (1, 2, 3) or you can leave the sort order blank.
8. Do I want to set up score dropping for any of my categories? (optional)
If score dropping is checked for a given category, the system dynamically excludes the lowest score(s) that will hurt the student's mark the most.
 - i. Check the Drop Lowest checkbox if you want to use this feature
 - ii. Enter the number of scores to drop
 - iii. Enter how many scores are needed before dropping a score
9. What Mark Set grading scale will I use? The Mark Set is usually decided by the administration.
Select a Mark Set from the drop-down list (ask your school registrar/secretary which Mark Set to use)
If you are allowed to modify the Mark Set:
 - a. Uncheck the marks you don't want to use
 - b. Enter your Mark Set grading scale

Academic → Marks Definition

Academic marks are calculated with or without category weighting. Blank cells are not included in the calculation but zeros are. Blank cells indicate a student wasn't enrolled in class to hand in the assignments. Ignored scores are not included in the calculation. If category weighting is being used and one or more categories are empty, a reasonably accurate mark will be calculated based upon the categories that have scores. If there is not enough information to calculate a mark, no mark will be shown. Extra credit is defined simply as points above points possible (points possible can be zero). A student may earn more than 100% overall.

10. The Comments box is for teacher view only and does not print anywhere. These comments are about the subject template and may give teacher instruction or reminders about a particular subject template. These comments are optional.
11. Click Save to store your template.

Important Grade Book setup information:

There are an unlimited number of ways teachers can setup their grade book.

Subject Template: Algebra A Delete Subject Template

Subject Title: Algebra A

Delete	Sort Order	Category Title	Drop Lowest	# to Drop	# before Drop

<input type="checkbox"/>	3	Projects	<input type="checkbox"/>		
<input type="checkbox"/>	4	Quizzes	<input type="checkbox"/>		
<input type="checkbox"/>	5	Tests	<input type="checkbox"/>		

During the design, programmers tried to make the setup as easy as possible.

Since 'Dropping Scores' is defined by category, the software will drop the score that increases the category mark. It is possible when dropping a lowest score to have a situation where dropping one score is better for the category mark and dropping another score is better for the subject mark. This situation will only happen when a teacher has not chosen to do category weighting, has a wide range in the amount of points possible within a category, and has given large amounts of extra credit. Thus the calculation could drop 100 points out of 100 points rather than 3 points out of 8 points. A parent looking at this would wonder why this happened and think the grade book isn't working correctly when in fact, it is.

Dropping scores is designed to allow a teacher to forgive one low score of a certain type (aka, category). The results are easy to explain: when a category score is dropped, it will increase the mark (student grade) within that category. This result is not necessarily meant to forgive a lack of work in another category.

It should also be noted that because of the grade book flexibility, the teacher is able to accomplish the desired results by marking: 'do not drop' on the score they didn't want dropped.

Teachers also need to evaluate the subject percentage instead of the category percentage when dropping lowest scores in the grade book that does not use category weighting. Caution should be used when choosing this option because; it may be harder to explain to parents because the grade book will act differently depending on how it is setup, and it will allow scores in one category to overcompensate for low scores in a different category.

Please remember, setting up the grade book as simple as possible will be your best route for parents to understand the results.

To create another → *Subject Template:

1. Select *New Subject Template Definition in the drop-down menu and name the new subject template
2. Repeat the steps listed above in Academic → Define Subject Template – Page 9

To edit a Subject Template Definition:

1. Select Academic on the menu bar
2. Select Define Subject Template
3. Select the template you wish to edit from the Subject Template drop-down list
4. Modify information as desired by:
 - a. adding or deleting text
 - b. checking or not checking checkboxes in the Mark Set
5. Click Save to store your modified Subject Template

To delete a *Subject Template Definition:

Make sure the Subject Template is not being used by any setup classes. If it is, you will need to: **First** - individually delete the Citizenship Items and Citizenship marks and delete the student academic scores from active and * inactive students. If there are any  Posted Citizenship marks or Posted academic marks, they will need to be deleted. If you have added comments to a student, they will need to be deleted.

To delete Posted Citizenship Items and Posted Citizenship Marks:

If Citizenship Items and Citizenship marks have been  posted, you will need to have the office or administration unlock the posted citizenship marks so that you can delete them. If a padlock shows next to the marks, this signifies the marks have been Posted. After editing the posted citizenship marks post the citizenship marks again and save.

1. Select Academic on the menu bar
2. Select the Score Entry (the Score Entry screen is the only place you can edit and view Posted marks)
3. Select the Term attached to the Subject Template you want to delete
4. Select the Class attached to the Subject Template you want to delete
5. Select the Grades tab
6. Have the office or administration unlock your posted marks if they have been posted

Error Message:

If the categories or subject template won't delete and gives an error message, it is because there are still scores or comments left in the tasks or there are citizenship items or citizenship marks. Go back to → **Score Entry** → **Grades** tab screen and make sure all **active and *inactive student** scores, citizenship items and citizenship marks have been deleted associated with the Subject Template. Make sure you have no posted marks for the subject. If a padlock shows next to the marks, this signifies the marks have been  Posted. If you have posted marks, you will need to have the office or administration unlock your posted marks. After the marks have been unlocked from posting, you should be able to delete the mark(s). **Always post again if the marks were posted.** You should be able to delete the Subject Template.

To Define Citizenship Definition Template:

Most teachers will only define citizenship once and use it for all of their classes from term-to-term and from year-to-year.

Prior to defining citizenship you must answer a few simple questions:

1. What will I call the Citizenship Definition Template? (Most teachers name it Citizenship).
2. What Citizenship Mark Set will I use? (**H** (Honors) - 90, **S** (Satisfactory) - 70, **N** (Needs Improvement) - 50, **U** (Unsatisfactory) - 0)
3. What starting value will each student begin with for citizenship? (Depending on what starting citizenship mark you want showing in the grade book for students. Some teachers want students to start with an 'S' so, they would put 70 starting points – in this example 70 points equal 'S').

To Define Citizenship Definition:

1. Select Citizenship on the menu bar
2. Select Define Citizenship
3. Select *New Citizenship Definition in the drop-down menu
4. Type in the Title of your Citizenship Definition (Citizenship)
5. Enter the Citizenship Mark Set
6. Enter the starting points that each student will start with
7. Click Save to store the new Citizenship Definition

Define Citizenship Items

Citizenship → Define Citizenship Items

Citizenship Items describe general categories of negative and positive citizenship behavior items. For example: Caught Being Good, Helpful in Class, Caught Cheating, Stays on Task, Excessive Absences, Disruptive In Class, etc.

The Defined Citizenship Items can be added to a student's Citizenship Log to detail the reasons for his/her earned citizenship mark. You may assign a positive or negative point value to each Defined Citizenship Item to simplify calculating citizenship marks to a student's log. Assigning Citizenship Items with negative or positive points to individual students will recalculate the Citizenship mark.

Prior to defining the Define Citizenship Items you should:

1. Make a list of the positive and negative citizenship items you want to track
2. Assign a point value to each citizenship item
3. Determine what order you want them listed (optional)

To Define Citizenship Items:

1. Select Citizenship on the menu bar
2. Select Define Citizenship Items
3. For each Citizenship Item you wish to define use the next available line to:
 - a. Enter the sort order number (optional)
 - b. Enter the Title of the Citizenship Item
 - c. Enter the default value (either positive 5, 1 or negative -5, -1, or leave blank)
4. Click Save to store your Citizenship Items
5. Note: five new blank lines will be added at the bottom after you click Save

Citizenship → Citizenship Log

Citizenship Log

Each student has a Citizenship Log for recording positive and negative Citizenship Items. You will use the Defined Citizenship Items to populate the Citizenship Log. With each addition to the Citizenship Log, the student's citizenship mark will be recalculated and displayed. The Citizenship Log provides a convenient and legal way to document and report specific Citizenship Items to students, parents, and administrators for reasons a student received a citizenship mark.

To add a Citizenship Item to a student's Citizenship Log:

1. Select Citizenship on the menu bar
2. Select Citizenship Log
3. Select the Term
4. Select the Class
5. Select the Student(s)
6. Select the sort order by Date or by Citizenship Item (optional)

Citizenship → Citizenship by Item

Citizenship by Item

Citizenship by Item is the quick way to view the number of times a particular Citizenship Item has been used assigned to an individual student. You may use it to add another instance of a Citizenship Item for a student, but adding several Citizenship Items is much easier on the → Citizenship Log screen. Citizenship comments do not print, they are for view only.

Citizenship → Marks Definition → H (Honors) – S (Satisfactory) – N (Needs Improvement) – U (Unsatisfactory)

Citizenship marks are based upon an accumulation of Citizenship Items to which are assigned positive or negative values. Each student begins with a preset starting value set by the teacher. When a student has a Citizenship Item added to their Citizenship Log, the assigned value is subtracted or added to the starting value to determine the student's citizenship mark. If there is no Citizenship Item given to the student(s), the starting default value determines the citizenship mark awarded the student without the teacher needing to do anything beyond the initial Citizenship setup. The citizenship marks can be overridden in → Academic → Score Entry → Grades tab screen.

Define Class in Gradebook

At the beginning of the school year, you will need to set up the grade book for each class for each term. You can setup one term or all terms. You will set up your classes by copying Subject Templates or a previously defined class to each term.

You can also select the Citizenship for Class Definition to add Citizenship to each class, if you have setup Citizenship. You can include class comments. Class comments are not printed or viewed by anyone but the teacher. This is a preliminary step in using the grade book for a class.

To delete a Defined Class in Grade Book:

Make sure the Defined Class is not being used by any students. If it is, you will need to:

First - individually delete the Citizenship Items and Citizenship Marks and delete student academic scores from all active and *inactive students. If there are any Posted Citizenship Marks or Posted academic marks, they will need to be deleted. If you have added comments to a student, they will need to be deleted.

To delete Posted Citizenship Items and Posted Citizenship Marks:

If Citizenship Items and Citizenship marks have been  posted, you will need to have the office or administration unlock the posted Citizenship marks so that you can delete them. If a padlock shows next to the marks, this signifies the Citizenship marks have been Posted. After editing the posted Citizenship marks post the Citizenship marks again and save.

1. Select Academic on the menu bar
2. Select the Score Entry (the Score Entry screen is the only place you can edit and view Posted marks)
3. Select the Term attached to the Defined Class you want to delete
4. Select the Class attached to the Defined Class you want to delete
5. Select the Grades tab
6. Have the office or administration unlock your posted marks if they have been posted

After the office has unlocked the Posted Citizenship marks, select Show Inactive on the menu bar to show * inactive students. The Posted Score Entry screen will now be editable.

To delete Citizenship Items and Citizenship Marks:

1. Select Citizenship on the menu bar
2. Select the Citizenship Log
3. Select the Term attached to the Defined Class you want to delete
4. Select the Class attached to the Defined Class you want to delete
5. Select Show Inactive on the menu bar to include *inactive students
6. Select the Student(s)
7. Check the checkbox next to all items you want to delete that are attached to the Defined Class you want to delete
8. Click Save to delete the Citizenship Items
9. Repeat this for all students assigned the Citizenship Items.

To Define Tasks (assignments):

1. Select Academic on the menu bar
2. Select Define Tasks
3. Select the Term
4. Select the Class
5. Change the Sort order, if desired (by Category, by Due Date, or by Title) using the drop-down field
6. Select a Category from the drop-down list
 - a. Enter the Due Date using the calendar tool or by typing the date using mm/dd/yyyy format
 - b. Type a task Title
 - c. Type the Points Possible
 - d. If you want to prevent this particular task from being dropped (if you have previously setup the Subject Template to drop a number of tasks), check the Don't Drop checkbox
 - e. Check the Ignore by Default box to ignore the task (assignment) when calculating student marks. The scores for this task will not be included in the calculated marks. **This option only works if there are no scores entered in the task when selecting Ignore By default.** The scores will be ignored and will be turned the color **green** in the grade book for identification. Ignore By Default is only used for tracking a task (assignment).
 - f. Click on the Comment icon to add comments for the task (assignment), optional.
These comments are viewed by students and parents for information on the web.
7. Repeat step 6 for each new task (assignment) you need to define
8. Click Save to store your work
9. After saving, it will add five more blank lines at the bottom for adding more tasks (assignments)

To edit Tasks (assignments):

1. Select Academic on the menu bar
2. Select Define Tasks
3. Select the Term
4. Select the Class
5. Change the sort order, if desired by Category, by Due Date, by Title (optional)

Student Scores

The student scores screen allows you to focus on all of the Tasks (assignments) information by class for an individual student.

The Student Scores screen is the perfect screen for student and parent viewing for discussing student score(s) with the individual student or with her/his parents. It is student specific for confidentiality.

This screen also allows you to edit scores, mark a given Task to Ignore Score Dropped, or Don't Drop specifically for the student, and write a comment about a specific Task for the specific student. The screen will display the student's mark by class, but the mark will not be recalculated if you change or add scores until you save your work. Always save the edited Tasks before student or parent viewing to make sure the mark has been recalculated.

If you are adding scores or editing scores and the mark for the student doesn't change after saving the changes, the student could have an **overridden mark**. **Overridden marks will not recalculate or include newly added score changes on an individual student's scores unless you return the overridden mark back to calculated.** For instruction to return a student's score back to calculated turn to  page 62.

Score Entry screen – shows an **overridden mark**

 - c. See which scores, if any, have been dropped by the default setup created in the Subject Template for dropping lowest score, for this student (Score Dropped)
 - d. Mark the Don't Drop flag for one or more Tasks for this student
 - e. Write or edit a comment for this student about any given Task
 - f. Access additional information about a student by:
 - i. Clicking on the attendance icon to the right of the student's name
 - ii. Clicking on the student demographic icon to the right of the student's name
8. Click Save to recalculate any score changes you have made to the Student Scores screen. If an individual student's score doesn't recalculate after saving the changes, **check for an overridden mark. Overridden marks will not include newly added score changes on an individual student's scores unless you return the overridden mark back to calculated.** More instructions about overridden and calculated marks are found on  page 62.

Academic → Score Entry

The score entry screen provides you with an efficient way to enter and edit student scores by class.

After selecting a class in the Score Entry screen, you will see a tab for each of the class categories in the sort order that you specified on the Class → Define Class in the Gradebook → screen. In addition, you will see the All and Grades tabs. The All tab displays the Tasks from all of the Categories. The Grades tab displays the final calculated or **overridden marks** by percentage and letter mark.

The score entry screen is similar to a spreadsheet. Within the grid you can easily move from cell to cell to enter and edit scores. You can define a single Task if you are on a category tab (not in the All or Grades tabs). Another blank column will appear after you click Save to allow you to add another Task. (If you have several Tasks (assignments) to define, it is much faster to go to → Academic → Define Task in the drop-down menu).

You can access attendance and demographic information from the Score Entry screen by clicking on the icons to the left of the student name. You can click on a student's name to move to his/her student page to enter scores for one student at a time.

Score Entry screen by Class

To use the Score Entry screen by Class:

1. Select Academic on the menu bar
2. Select Score Entry
3. Select the Term
4. Select the Class
5. Select the Category tab you wish to add student scores to

6. You may:

- Add a new Task on this screen without going to the Define Tasks window by:
 - Entering a Task name in the blank Task window
 - Entering the Due Date using the calendar tool or by typing the date in by using mm/dd/yyyy format
 - Entering the points possible
- Enter scores by:
 - Clicking on the fill arrow at the top of the column to populate all students with the points possible or
 - Manually typing the scores as desired
- Edit scores by:
 - Going to a cell to:
 - Type over the existing score
 - Delete the existing score
- SAVE** –Always save your work to recalculate new or edited scores for accurate student mark changes before navigating away from the Score Entry window. **This is critical.**

Your data will not be saved if you:

- Change classes without saving
- Click on a student's name to access the student scores screen without saving
- Use the menu to go to a different screen without saving
- Select Show Inactive students without saving
- Select Attendance or Student Demographic icons without saving
- Refresh your screen without saving
- Leave your computer idle until your login times-out without saving.

To keep the data secure, login sessions will time-out.

Scores that display in colors are defined in the Legend

Click on the **Legend** button to display Legend definitions

- Legend definitions:
 - Green** = Ignored/Dropped
 - Blue** = Not Automatically Dropped
 - Red** = Exceeds Points Possible (extra credit)
- Access additional information about a student by:
 - Clicking on the attendance icon to the left of a student's name
 - Clicking on the student demographic icon to the left of a student's name

Click on the **Legend** button again to close the Legend definitions display

The screenshot shows the 'Score Entry - Gradebook' window. At the top, there are tabs for Applications, Class, Academic, Citizenship, Reports, and Help. The 'Class' tab is selected. Below the tabs, there are dropdown menus for Track (Sani-Grand High), Class (1 HON ENG 10-A), Term (Term 1), and Subject (Honors English 10-A). A red arrow points to the 'Legend' button in the top right corner. Below the dropdowns, a legend is displayed: **GREEN** = Ignore/Dropped, **BLUE** = Not Automatically Dropped, and **RED** = Exceeds Points Possible. Below the legend, there are tabs for Quizzes, Participation, Papers/Projects, Homework, All, and Grades. The 'Grades' tab is selected. Below the tabs, there is a table of student scores. The table has columns for student names, dates, and scores. The scores are color-coded: green for 'Ignore/Dropped', blue for 'Not Automatically Dropped', and red for 'Exceeds Points Possible'.

Post  Final - [ALL](#): Post Final is used to Publish/Finalize/Store student marks.

A checkbox for posting a student's mark to history will post marks after selecting All or one student at a time and **saving**.

Some Elementary schools may choose not to Post /Publish/Finalize/Store Marks. If your school chooses not to post marks, you can skip this information and go to  page 62.

Academic → Post Final - [All](#)

Occasionally the office will instruct you to post your marks so that mid-term or end of term report cards can be printed and distributed. This can be done as frequently as the school administration requires. The marks should be posted at the end of every term whether or not the office will be printing student report cards. Marks not posted will not show on report cards and be lost when the school year is over and the database has been rolled over for the start of the next school year. These marks are not retrievable. Students will lose not just the mark for the class but also the credit awarded for the class and could affect graduation credit.

To Post Final marks → Publish/Finalize/Store marks:

1. Select Academic on the menu bar
2. Select Score Entry
3. Select the Term
4. Select the Class
5. Select the Grades tab (this is the only place you can post or view class or individual student posted marks)
6. Check the checkbox next to each student(s) name that is to be posted to Final or click All if you want all students' marks Posted to Final
7. Click Save

You will need to select each and ALL individual classes for each class for posting student marks

Academic → Review Posted Final Marks

Teachers need to always check each term to make sure all class marks have been Posted. Posted marks will show a padlock in the Score Entry screen in the Grades tab by each student name. If a student's mark hasn't been posted, their name will not have a padlock by it. You need to select the student's name to be posted and save to post all student marks. Each class must be selected one at a time and checked to make sure all student marks have been posted.

To review posted marks:

1. Select Academic on the menu bar
2. Select Score Entry in the drop-down menu
3. Select the Term
4. Select the Class
5. Select the Grades tab (this is the only place you can post marks or view your posted marks)
6. Repeat this for all classes in the term and make sure all student marks are posted

After you have Posted to Final, the marks appear in the Publish column as they are now stored in academic history. Marks are **black** if it is a calculated mark and has not been overridden. Marks will be **red** if it is an **overridden mark**. Drop-down options disappear and a lock icon appears in place of the Post Final checkbox.

94.68	A	A	U	N	1	0	1	4	2		
54.98	F	A	U	H	0	1					

If changes need to be made to marks after Posting Final, if a padlock shows on the mark needing changed, users need to ask the office or administration to unlock the posted marks. After editing the marks, the teacher will need to post the mark again, making sure a padlock shows again.

Academic → Score Entry → Grades Tab -- Overridden Marks

On the Grades tab, users may override any calculated mark by choosing a mark from the drop-down menu and saving the change. **Overridden marks** will appear in **red**. On an individual student, an **overridden mark** will not recalculate and include newly added score changes that are added after a teacher has given a student an **overridden mark** unless the teacher returns the **overridden mark** back to calculated. This is critical to remember!

Saving Grade Book Task Assignments to your computer→

To save Grade Book Task assignments:

Create a Folder to save your grade book files in on your C: drive or where you are allowed to save your documents and name the folder by Subject, by Term, or what you will use to identify the student assignments you want to save. (Term1LanguageArtsPeriod1)

1. Select Reports on the menu bar
2. Select Gradebook Report Category
3. Select Class Task Summary Report or any other report(s) you want to save
4. Select the Term
5. Select the Class
6. Select the Category/Task
7. Select the Report Format (Excel (.xls), (Acrobat(pdf.)), etc.

The screenshot shows the 'Reports' window in the SIS 2000+ application. The window title is 'Reports' and the user is 'Hsin-Fu Soper' on 'Tuesday, 15 September 2009' at '28:05'. The interface includes a 'Report Category' dropdown set to 'Gradebook' and a 'Report' dropdown set to 'Class Task Summary'. A red arrow points to the 'Report Category' dropdown. Below these is a 'Description' field with the text: 'For a class, and one selected task, lists scores for all students (includes class average)'. There is a 'Show Students' tab with 'I Instruct' selected. Below this are several dropdown menus: 'School' (2009 - Sani-Grand High), 'Term' (Term 1), 'Class' (2 ENG 10 - A), 'Subject' (English 10-A), and 'Category\Task' (Quizzes \ Conjunctions). Red arrows point to the 'Term', 'Class', and 'Category\Task' dropdowns. Below these are 'Formatting Options' with 'Student ID' checked, and 'Filtering Options' with 'Withdrawn Students' checked. At the bottom, there is a 'Report Format' dropdown set to 'Acrobat (.pdf)' and a 'Generate Report' button. A red arrow points to the 'Report Format' dropdown, which has a list of options: 'Acrobat (.pdf)', 'Excel (.xls)', and 'Text (.csv)'.

8. Select Generate Report
9. Select Save for (.xls) or File → Save As for (.pdf) and navigate to the folder you have created and save the file inside the folder.
10. Repeat this for all assignments you want to save.

Misc. → Information

Academic Marks → Definition

Academic marks are calculated with or without category weighting. Blanks are not included in the calculation but zeros are. Ignored scores are not included in the calculation. If score dropping is turned on for a given category, the system dynamically excludes the score(s) that will hurt the student's mark the most. If category weighting is being used and one or more categories are empty, a reasonably accurate mark will be calculated based upon the categories that are not empty. If there is not enough information to calculate a mark, no mark will be shown. Extra credit is defined simply as points above points possible (points possible can be zero). A student may earn more than 100% overall.

Citizenship Marks → Definition → H (Honors) - 90, S (Satisfactory) - 70,
N (Needs Improvement) - 50, U (Unsatisfactory) - 0

Citizenship marks are based upon an accumulation of citizenship items to which are assigned positive or negative values. Each student begins with a preset starting value. When a student has a citizenship items the assigned value is added to the starting value to determine the student's citizenship mark. If there is no citizenship items added, the starting value determines the mark given by the initial Citizenship Mark Set setup. Citizenship marks can be overridden on the Grades tab.
